organisations

WELCOME

It's a great pleasure to welcome you tonight, after a long absence of 3 years, and to deliver these awards in front of a live audience

and to congratulate the winners and finalists in person.

Thanks to your continuous support of the FX Awards, we are able to deliver a magnificent party to celebrate your projects – and the great thing about our judging process is that all the judges care as much as you do about the shortlist and who wins. They have all fought hard to argue your corner, and because each category is judged by a different panel of judges, don't despair if you've not won in one category as you could be our winner in another.

More than anything, it's good to see you. Congratulations to all our finalists. Enjoy the party!

Theresa

Theresa Dowling, Editor FX

ABOUT THE JUDGING SYSTEM

The FX International Interior Design Awards is open to architects, designers, clients and suppliers for interior design projects or products completed or launched between June 2018 and July 2021.

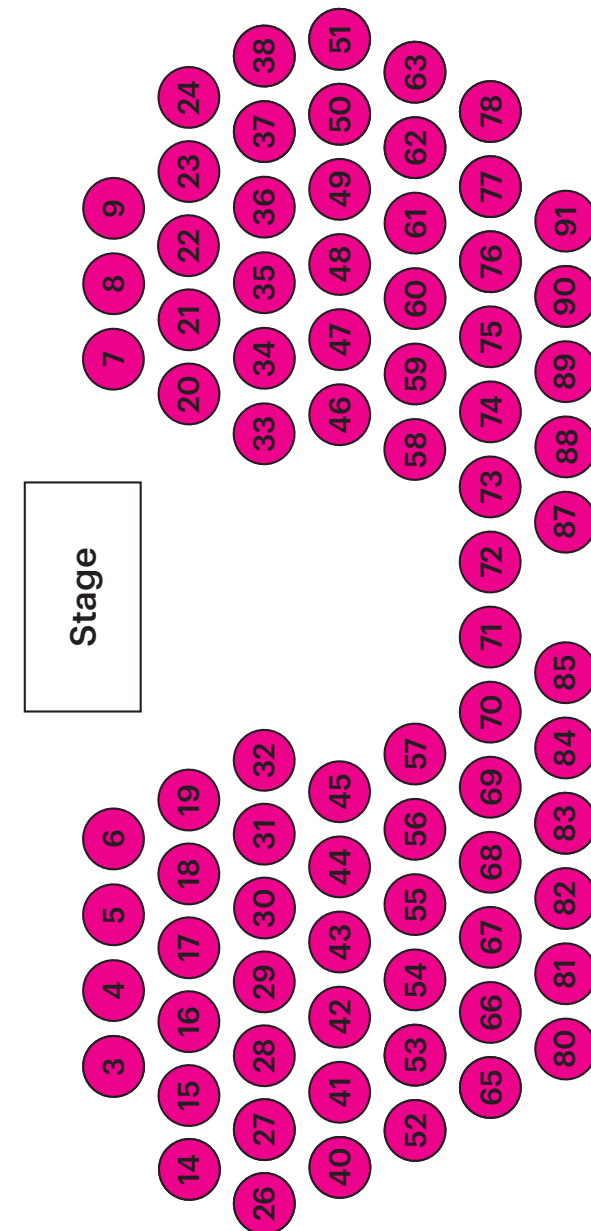

The judges are independent experts who are recruited to form a fresh new panel each year, and comprise engineers, clients, architects and designers from many different sectors to reflect our audience. They were invited onto the 2022 panel because of their experience, opinions and commitment to design. Judges, and their companies, are not permitted to enter any categories.

Each category is judged by a different set of judges, so if you do not win in one category you

could win in another. Because of the large number of entries, and to preserve the integrity of the FX Awards, we use a transparent system in which each judge ranks their top six entries in each category before they know who their co-judges are. With up to ten judges for each of the hotly contested categories, these placings are then scored and added together to confirm the shortlist and the ultimate winner.

Many thanks to all our judges, who gave up so much of their valuable time and brought their expertise and enthusiasm to the process. Sincere thanks also to Cherrill Scheer, who will act in an advisory capacity as an unofficial chair of the judges.
